

Online Resources just for DeLor Parents

Sign up instructions for the DeLor Montessori Yahoo! Group:

DeLor Montessori has established a Yahoo! group (online discussion group/ mailing list) for the school. This group is a means for the parents of the children at DeLor to communicate with each other. Discussions may include an event or project for the school, suggestions for the school, reminders about events, advice about extra-curricular activities, and general networking.

There are two ways you can subscribe:

1. *Send an email (the content can be empty) to:*

montessori-delor-subscribe@yahoogroups.com

2. *Subscribe on the Yahoo groups web site:*

<http://groups.yahoo.com/group/montessori-delor/>

If you haven't already signed in, you will see two links on the left: one for signing in if you already have a Yahoo ID and one for registering a new Yahoo ID. After you register/sign in, you can then go directly to the group's home page (above) and click on the "Join This Group" button.

After you have subscribed and received a confirmation from DeLor, you can then set your preferences. For example, you may prefer to receive the emails in your inbox or to view them online on the group's home page.

In order to send an email to the group, please use the following address:

montessori-delor@yahoogroups.com

If you have any trouble subscribing, please email us at:

montessori-delor-owner@yahoogroups.com

Access the Google Calendar for DeLor Montessori Activities:

The Google Calendar for DeLor shows all of the school activities and details, including babysitting nights, Holiday Concerts, special events, and administrative deadlines.

Once you have logged into the Yahoo Group webpage, you can search the DeLor Yahoo Group archives for the link to the Google Calendar. Just search on "Google Calendar". The link works for everyone in the Yahoo Group. Save it to your web browser's bookmarks, so you can check back as needed.
